

# Rules of the road

## Agreement

These rules of the road are to ensure that everyone has a safe, responsible, and enjoyable trip. The renter must carefully read over each item below. By signing you agree to adhere to these rules at all times.

### The following is strictly prohibited:

- To ensure everyone has a safe and responsible trip, the following is strictly prohibited:
- - Drivers under the age of 28
- - Driving or operating the RV under the influence of drugs, alcohol, texting, or any other impairing substance or distraction
- - Smoking of any kind inside the RV
- - Unpaid tolls
- - Driving under anything that has less than the designated vehicle height clearance
- - Driving on or through anything that doesn't have sufficient width clearance
- - Driving up or down roads, streets, or highways with grades steeper than 8% grade
- - Excessively riding breaks all the way down on steep downhill slopes instead of using a combination of momentary breaking and the automatic engine breaks to maintain safe speed
- - Driving on snow covered roads, streets, or highways normally requiring tire chains
- - Driving in unsafe conditions due to weather, visibility, road conditions, etc
- - Unsafely/carelessly parking the RV in and out of tight spots without a good spotter
- - Driving on narrow roads not designed for large trucks and RVs
- - Sharp turns, especially at higher speeds
- - Leaving the RV unlocked when away
- - Driving without the safety locking pins inserted for the driver cockpit overhead bunk bed
- - Towing anything (vehicle, trailer, etc) that is more than designated tow hitch weight
- - Towing anything that is improperly hooked-up/connected and/or is not wired for safety/brake lights
- - Speeding or unsafe driving (70 mph max on permitting highways with safe conditions)

- - Climbing on exterior rear ladder or roof, if equipped
- - Unsafely operating the slides (slide out walls)
- - Closing the slides without confirming all obstructions are out of the way
- - Parking unsafely on the side of a road, street, or highway
- - Driving off while still hooked up to electric power, water, sewage, etc.
- - Driving off with any awnings not fully retracted
- - Driving with the emergency break still on
- - Inappropriately or unsafely operating any of the onboard systems or mechanical equipment
- - Operating slides without the auto leveling jacks deployed, if equipped
- - Driving with any flat or low pressure tires
- - Traveling across the border to Canada or Mexico
- - Starting/burning a campfire within 10 feet of the RV or underneath the awnings
- - Leaving a campfire unattended that is still burning or not fully extinguished within 20 feet of the RV
- - Driving in reverse when towing something
- - Driving off-road or on unpaved/poorly-paved roads
- - Failing to immediately report to us any damages, mechanical or system failures, potential maintenance issues, safety concerns, or technical problems that arise during your trip
- - Either you or an unapproved 3rd party working on, fixing, performing maintenance, or making modifications of any kind to the RV without explicit consent
- - Lending out, borrowing, sub-leasing, renting out, or allowing any 3rd party to drive the RV
